PROCEDURE WITH GASTROCOLONOSCOPY

To be able to perform the colonoscopy, it is important that your bowel is empty. Therefore, please come to the outpatient clinic at **8.00 am the day before**. You will receive your prescription for laxative medication in **preparation for the colonoscopy**. You will start taking the laxative medication 24 hours before the colonoscopy, remain fasting until the examination and drink plenty of water. You will receive detailed instructions on this from our doctors in the outpatient clinic.

Bowel preparation can be carried out as an inpatient on request. In this case, you will be admitted 24 hours before the examination.

Surcharge for inpatient stay:

465,- Euro for double room

560,- Euro for single room
